COLUMBUS, O., June 5.—Lee Cage, a member of the iron moulder's union of Wheeling, W. Va., confessed today in federal district court here that he killed Detective John J. Reardon, of Pittsburgh, at Steubenville, O., in 1910. The killing occurred during a period of labor trouble. It developed that Cage had been tried at Steubenville more than a year ago on a charge of having murdered Reardon and that he was acquitted, he refusing to take the witness stand. Cage's confession was made in connection with a civil hearing before Judge Sater.

Having been in jeopardy once another trial on the same charge is barred under the constitution and laws of Ohio. Cage's confession resulted in speedy dismissal of proceedings that were pending before Judge Sater involving the disposition

CULTURED WOMAN IS KEPT PRISONER

As a Result of Her Antics as a Militant Suffraget at the Derby.

(BY ASSOCIATED PRESS)
EPSOM DOWNS, Eng., June 5.—Emily Wilding Davison, the militant suffraget who yesterday caused a sensation by leaping at the king's horse and steering its reins while it was galloping at full speed in the race for the Derby and who suffered terrible injuries, regained consciousness shortly after 1 o'clock today. She was able to take nourishment from a spoon but was unable to reply to questions. Miss Davison is one of the best known English suffragists. She is a young woman of high education and an honor graduate of London University and of the final honor school of Oxford. She is a citizen of London by birth but spends much of her time at her residence in Northumberland.

The police today notified the authorities of the Epsom hospital that Miss Davison must be regarded as a prisoner. The surgeon in charge says it will be several weeks before she is able to leave the hospital.

SENATOR GOFF A WITNESS IN SEARCH FOR THE LOBBY

States His Income Yearly from His Coal and Oil and Gas Interests.

NO LOBBY INFLUENCE

Known by Him as No One Has Talked Tariff to Him.

(BY ASSOCIATED PRESS)
WASHINGTON, D. C., June 5.—With more than half the Senate heard in the lobby investigation the committee was determined to issue more subpoenas. The opinion prevailed around the capitol that the committee is receiving aid from the White House and friends of the president are sure that some interesting information will be forthcoming from those summoned.

Senator Goff, first witness today, said his West Virginia coal properties brought him about \$25,000 a year in royalties while his oil properties paid him about \$30,000 a year. "We sell our oil to subsidiaries of the Standard Oil Company. There is no one else to sell to," he said and added that his property interests might be somewhat affected by the tariff, but he did not expect it. No one had approached him on tariff and he knew of no lobby influence in Washington.

Senator Gore had no interests affected. Several delegations and individuals had called on him including F. R. Hathaway and Henry I. Oxnard on the sugar tariff.

Senator Hoke Smith after a talk with President Wilson today at the White House, defined a lobbyist.

"Everyone is entitled to his day in court," said the senator, "and I have always considered that a legislative body sat as a court. Any attempt to influence its judgment after the argument is presented by seeking again and again to create sentiment and work upon the judgment of the members of Congress is insidious and highly objectionable lobbying. I think it would be perfectly apparent that at the end of the investigation now being conducted that there have been organized forces here on sugar and wool which have maintained their offices long after they had presented their arguments. I have always held that a legislature ought not to be approached any more than a court outside of the court room. The effect of this investigation will reach, I am sure, legislative bodies throughout the country and will radiate a purifying influence on legislation."

NO FIGHT

Will Take Place unless Unexpected Concessions Are Made Today.

(BY ASSOCIATED PRESS)
SAN FRANCISCO, June 5.—Unless unexpected concessions are made by one side or the other today, the twenty round boxing contest between Willie Ritchie, light weight champion, and Joe Rivers, scheduled for July 4, is off and another fighter will be selected to oppose Ritchie in River's place. The managers of the two men cannot agree on the weight Rivers insisting upon 133 pounds ringside and Ritchie holding out for 134 pounds at 9 o'clock in the morning. Ad Wiggast, Freddie Welsh Welch and Leach Cross have telegraphed requests that they be substituted for Rivers and unless the Los Angeles boy yields on the weight question today it is likely that one of the trio will be given the match.

CHINDA TO CONFER WITH MR. WILSON

TWO PAYS

Every Month on the Baltimore and Ohio System Beginning July 1.

Beginning July 1 all the employees of the Baltimore and Ohio railroad will be paid every two weeks instead of once a month, as formerly. The change is a sweeping one and will affect the entire Baltimore and Ohio system, including the twenty-six hundred odd employees of the local divisions. While the change will go into effect the first of the month, the first pay day under the new system will probably not come until about the 25th. The first period of two weeks will run from July 1 to 15 and it is estimated that the checks will not arrive until the latter part of the month.

The change in the pay days will make a great deal of difference to the local employees and there has been considerable comment, both favorable and unfavorable in regard to the action of the officials of the road. The new ruling is very satisfactory generally, however, to the majority of the employees.

FREE TRADE

Position of President Wilson Grows Stronger as Caucus Day Approaches.

(BY ASSOCIATED PRESS)
WASHINGTON, June 5.—President Wilson's position in support of free wool and free sugar seems to grow stronger as the day of the Senate caucus draws nearer. The tariff bill will be put to the crucial test there and party leaders now feel that the president stand will be supported almost unanimously by the party with the exception of two or three senators being released from the caucus pledge. Free shoes, free lumber, free agricultural products, free wool and free sugar as provided in the Underwood bill are to stand the administration leaders declare and the probability of any amendments to those items on the floor of the Senate is lessening.

Wesley L. Steele was here Thursday from Salem.

STATE SOLONS WILL BE TRIED

Judge O'Brien at Webster Springs Refuses to Quash Indictments.

SCORES ATTORNEYS

Matter of Forming a Jury for the Trial Occupies the Day.

(BY ASSOCIATED PRESS)
WEBSTER SPRINGS, June 5.—The motion to quash the indictment against Delegate S. U. G. Rhodes, charged with accepting a bribe to vote for United States senator, arguments on which were made yesterday, was overruled by Judge W. S. O'Brien this morning, who scored an effort to raise technicalities to delay justice.

"It is my purpose to keep step with conservative progress in court procedure, correcting those errors intended to retard the progress of justice."

This is construed to mean that Judge O'Brien will overrule any other technical motion to delay trials of the legislators. The trial of Thomas Tracy, charged with murder, will probably not be had in this county and a change of venue may be later granted owing to inability to obtain a jury so intent is interest in the county.

The rest of the day will be consumed in an effort to complete the jury.

SPECIAL TRAIN

Will Be Provided for Bryan and Party at Semi-Centennial at Wheeling.

(SPECIAL TO THE TELEGRAM)
WASHINGTON, June 5.—It is expected that arrangements already under way will be completed and that a special train will be provided for the secretary of state, Hon. William J. Bryan, and others who will attend the semi-centennial celebration at Wheeling on June 30, from here. Senator Chilton's secretary, Henry Fry, has been looking after the details of the arrangements and hopes to have matters perfected soon. Mr. Fry will be prevented by the Wheeling trip from attending the Maiden home-coming celebration on June 18, an event which he attends regularly every year and at which he was to have been the principal orator this year, but for the fact that he will be unable to attend.

GIRLS FIGHT WITH HATPINS AT STRIKE

When They Are Approached by United Mine Workers' Men.

(BY ASSOCIATED PRESS)
HAZELTON, Pa., June 5.—Girls employed at the shirt factory of J. Gerhardt and Company today continued the use of hatpins when approached by pickets of the United Mine Workers and other unions to urge them to remain away from the factory.

In a clash at West Hazelton a number of pickets, among them some of the girl strikers, were scratched with hatpins in fights to take these weapons from the operatives. One girl was arrested on a charge of threatening to use a pin on a policeman. Her sister was almost stripped to the waist in a fight.

It is charged that pickets tried to prevent girls from getting on trolley cars to go to work. The strikers and pickets allege that epithets were hurled at them by the workers.

ELEVEN WOLVES SHOT BY ONE MAN

Lies in Constant Watch Outside Their Den Four Days to Do So.

(BY ASSOCIATED PRESS)
LA CROSSE, Wis., June 5.—Outstarving a band of eleven wolves by lying in constant watch outside the entrance to their den for four days and four nights, Owen Hughes, of Angelo township, finally had his reward yesterday when the wolves driven by hunger, made a dash from their refuge and were killed one by one as they emerged. Hughes came to town today, collected a bounty of \$100 and treated himself to the first meal in more than half a week.

Hughes, who is a professional hunter, was almost exhausted as he made his way into town, climbed feebly up the high steps to the court house and fell into a chair as he presented his proof to the county clerk.

"No, I ain't sick, gentlemen," he said, waving away clerks who offered him assistance. "I've just been on a hunger strike and want to say the strike is called off."

"I don't think I'd have stood it much longer, but I was determined not to let those wolves out alive," he said. He grasped his bounty check and moved as fast as his weakness would permit to a restaurant in the next block.

COX CASE

Will Be Decided by Judge as to Not Guilty Verdict.

(BY ASSOCIATED PRESS)
CINCINNATI, O., June 5.—Judge Caldwell, of the Common pleas court will decide this afternoon whether he will direct the jury in a verdict of not guilty or order the trial of George B. Cox and four other former officers of the Cincinnati Trust Company charged with abstracting a note of \$32,000 from the bank, or proceed in the regular way.

The question of dismissal of the case was taken under advisement by Judge Caldwell after he had heard arguments on the matter yesterday. The prosecution had rested its case when counsel for the defense moved for a dismissal claiming that no evidence had been produced to show that the bank was in existence on the date that the alleged abstraction of the note took place or that the note was a valid one.
